Happy 23rd birthday! I'm you, but I'm 13 years old now. I'm writing a letter to you, so you can remember what life was like 10 years ago. There are some gifts besides this letter in the box. These are important to me. I hope you don't forget about them in the future.

This is a picture of our pet Sam. He isn't very smart, and he always steals food from the table. The whole family loves him very much. I hope Sam is well and healthy. There is also a birthday card from Dr. Huang. She is a beautiful doctor. I hope I can be a doctor like her someday.
