Did you see the movie, "Coco"? It is an American computer-animated film in 2017. It is produced by Pixar and released by Walt Disney Pictures.

The story is about a 12-year-old boy named Miguel. He went to the Land of the Dead, and he tried to help his great-great-grandfather to **return** to his family among the living. After that, his family never ask him to stop playing music.

This story comes from the Mexican holiday, the Day of the Dead. In Mexico, people celebrate the Day of the Dead from October 31 to November 2. During this time, families clean the graves and put candles, flowers, drinks, and food on the graves. Then they remember the dead by sharing stories of their lives.

For the children in Mexico, the day of the Dead is a happy holiday. They celebrate **it** by dancing and eating candy in the shape of skull. It is a way for children to learn the circle of life and not to be scared of the death.
